USP Chapter 800 Handling Hazardous

Drugs in Healthcare Settings: Considerations for **Non-Sterile** Products and Compounding

402-420-1500

info@npharm.org

The purpose of the United States Pharmacopoeia (USP) General Chapter 800 Hazardous Drugs - Handling in Healthcare Settings is to describe practice and quality standards for handling hazardous drugs in healthcare settings and help promote patient safety, worker safety, and environmental protection. All hospitals and pharmacies are expected to meet the requirements of Chapter 800 by December 1, 2019. If your facility has not yet begun preparation, now is the time to start. Will you be ready?

Michael C. Cotugno, BSP Pharm, RPh, Director of Pharmacy Patient Care Services, Brigham & Women's Hospital, Boston, MA

Michael Cotugno does not report any actual or potential conflicts of interest in relation to this continuing pharmacy education activity.

Recorded Webinar | 1.0 hour | ACPE UAN 0128-0000-19-024-H03-P/T | Knowledge-based CPE Activity

Upon successful completion of this knowledge-based course, pharmacists and pharmacy technicians should be able to:

- Describe the scope of USP 800 in non-sterile compounding.
- Identify hazardous drugs under USP 800 and potential for risk assessments.
- Describe the requirements for receiving, compounding, transportation, and administration of hazardous drugs.

\$25 NPA Member | \$50 Non NPA Member

Fee includes video and CPE credit submission to CPE Monitor.

The Nebraska Pharmacists Association (NPA) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Obtain CPE credit by viewing the recorded video and completing a lesson quiz and evaluation. The NPA provides two opportunities to complete the quiz. You will not receive CPE credit after two failed attempts. Once successfully completed, you will be awarded 1.0 hour (0.1 CEU) of CPE. Log into your NABP e-Profile to at MyCPEMonitor.net to access, verify, and print your ACPE CPE Statement of Credit.
