## Risky Business: Assessment of Risk on Hazardous Drugs

The purpose of the United States Pharmacopoeia (USP) General Chapter <800> Hazardous Drugs - Handling in Healthcare Settings is to describe practice and quality standards for handling hazardous drugs in healthcare settings and help promote patient safety, worker safety, and environmental protection. All hospitals and pharmacies are expected to meet the requirements of Chapter <800> by December 1, 2019. If your facility has not yet begun preparation, now is the time to start. Will you be ready?

**Timothy D. Fensky, RPh, DPh, FACA, Chief Pharmacy Operations Officer, Sullivan's Health Care, Roslindale, MA**

Dr. Timothy Fensky does not report any actual or potential conflicts of interest in relation to this continuing pharmacy education activity.

**Recorded Webinar | 1.0 hour | ACPE UAN 0128-0000-19-022-H03-P/T | Knowledge-based CPE Activity**

**Upon successful completion of this knowledge-based course, pharmacists and pharmacy technicians should be able to:**

- List examples of exposure to hazardous drugs for institutional/infusion facilities.
- Develop a Risk Assessment protocol based on the examples of exposure.

**\$25 NPA Member | \$50 Non NPA Member**

Fee includes video and CPE credit submission to CPE Monitor.

The Nebraska Pharmacists Association (NPA) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Obtain CPE credit by viewing the recorded video and completing a lesson quiz and evaluation. The NPA provides two opportunities to complete the quiz. You will not receive CPE credit after two failed attempts. Once successfully completed, you will be awarded 1.0 hour (0.1 CEU) of CPE. Log into your NABP e-Profile to at MyCPEMonitor.net to access, verify, and print your ACPE CPE Statement of Credit.
