## Risky Business: Assessment of Risk on Hazardous Drugs

The purpose of the United States Pharmacopoeia (USP) General Chapter <800> Hazardous Drugs—Handling in Healthcare Settings is to describe practice and quality standards for handling hazardous drugs in healthcare settings and help promote patient safety, worker safety, and environmental protection. All hospitals and pharmacies are expected to meet the requirements of Chapter <800> by December 1, 2019. If your facility has not yet begun preparation, now is the time to start. Will you be ready?

**Timothy D. Fensky, RPh, DPh, FACA, Chief Pharmacy Operations Officer, Sullivan's Health Care, Roslindale, MA**

Timothy Fensky does not report any actual or potential conflicts of interest in relation to this continuing pharmacy education activity.

**Live Webinar | 1.0 hour | ACPE UAN 0128-0000-19-022-L03-P/T | Knowledge-based CPE Activity**

**Upon successful completion of this knowledge-based course, pharmacists and pharmacy technicians should be able to:**

- List examples of exposure to hazardous drugs for institutional/infusion facilities.
- Develop a Risk Assessment protocol based on the examples of exposure.

**\$25 NPA Member | \$50 Non NPA Member**

Fee includes webinar, presentation materials, and CPE credit submission to CPE Monitor.

The Nebraska Council for Continuing Pharmacy Education (NCCPE) is accredited by the American Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Earn CPE credit by watching the webinar and completing a program evaluation. At the end of the webinar, you will be given a code to access the program evaluation. If you do not complete a program evaluation by March 19, 2019, you will not be awarded CPE credit for this program. Once successfully completed, you will be awarded 1.0 hour (0.1 CEU) of CPE. Log into your NABP e-Profile to access, verify, and print your ACPE CPE Statement of Credit.
